Round Special Concentric Reducer

(ATS Part Type #91)

ATS special length reducers are designed to meet conditions at the job site where standard length reducers (5 to 1 - length to reduction in diameter) will not suffice. Customer to specify the overall length along with the diameter change.

For more information on other ATS reducers, please see the part types listed below:

Part Type:

- #90–Round concentric reducer
- #95–Round eccentric reducer
- #96–Round special eccentric reducer
